Background:

Praan Naturals Organic Neroli Essential Oil is masterfully steam distilled from the beautiful, delicate blossoms of organic bitter orange trees (*Citrus aurantium*). It possesses an exquisitely bright, sweet, citrusy, floral aroma.

Legend indicates that the name *Neroli* may have originated in the Italian city of Nerola. The Princess of Nerola is said to have been responsible for popularizing Neroli Essential Oil by using it to fragrance her gloves and bathwater.

With an approximate yield of only 0.1%, it takes approximately 1kg of organic orange blossoms to produce a mere 1g of Organic Neroli Essential Oil.

Neroli Essential Oil holds a treasured place in history for its use in many vintage formulations including the original *Eau de Cologne* dating back to the 18th century. This remarkable, enchanting oil continues to be a prized raw material that is found in many of today's most beloved fragrances.
