

VIRGIN BLUEBERRY SEED OIL

Suitable for beauty and personal care applications.

INCI: Vaccinium Corymbosum (Blueberry) Seed Oil

Extraction Method: Cold Pressed

Processing Method: Filtered

Shelf Life: 2 Years

Origin: Chile

Background:

The blueberry shrub from the species *Vaccinium corymbosum* is native to North America. Blueberries are also becoming an important fruit export for Chile for use as a food source and for their use in wellness applications. With their sweet, pleasant flavor, Blueberries are most commonly eaten alone or used in sweets, jellies, syrups or as a flavoring. Recent studies reveal that the juice and seeds are extremely nutritive and rich in antioxidants.

The composition of Praan Naturals Virgin Blueberry Seed Oil includes an impressive amount of omega-3 essential fatty acids in the form of Linolenic Acid and omega-6 essential fatty acids in the form of Linoleic Acid.

Praan Naturals premium quality Virgin Blueberry Seed Oil is cold pressed and filtered. It is then carefully stored and packaged to maintain the purity, freshness and beneficial properties of this highly nutritive oil.

Ethical and Sustainable Sourcing:

Blueberries harvested from *Vaccinium corymbosum* are not classified as threatened or endangered by the IUCN Red List of Threatened Species (International Union for Conservation of Nature and Natural Resources). Virgin Blueberry Seed Oil is a conscientious alternative to vegetable oils derived from plant species that are threatened or endangered.

Our Virgin Blueberry Seed Oil is sourced from a conscientious manufacturing partner that ensures the optimal growing and environmental conditions for their blueberry crops. The region is free of contamination, and the crops are watered with the pure waters of the Andes.

Recommended Usage: 1-100%
