

Ethically Sourced Ingredients

MAGNESIUM CHLORIDE OIL (BRINE), 31%

Suitable for beauty and personal care applications.

INCI: Magnesium Chloride Brine

Extraction: Ecologically Mined and Produced

Shelf Life: Stable

Origin: Tibet

Background:

Although Magnesium is a necessary mineral for health and wellness, it can be difficult to consume adequate levels of Magnesium simply through the diet. Consumers are growing in awareness of the necessity and numerous benefits of this very important mineral.

Praan Naturals Magnesium Chloride Oil is a light, clear, odorless, water-soluble fluid that absorbs rapidly. Magnesium Chloride Oil can be absorbed transdermally and is an effective alternative to taking Magnesium supplements internally. It does not pose the risk of digestive upset that can occur when taking magnesium supplements internally. Magnesium Chloride Oil can be sprayed directly onto the skin, or it can be incorporated into a wide array of topical and bath formulations.

Due to its subtle oily texture, it is referred to as an "oil." However, Magnesium Chloride Oil is water soluble and does not actually contain any oil or lipids.

The magnesium chloride used in the production of Praan Naturals Magnesium Chloride Oil is ecologically collected from salt mines in the Himalayas. The magnesium is physically collected and is not obtained through fracking.

Uses:

Magnesium Chloride Oil is naturally deodorizing when applied topically and is well suited for use within deodorant formulations. Magnesium Oil can be helpful in supporting healthy sleep, managing stress and anxiety and helping to minimize fatigue. Within massage and sports applications, Magnesium Chloride Oil can be helpful in supporting healthy muscles and joints. Magnesium Chloride Oil may also help to control and support oily, red or irritated skin. Some individuals experience a tingling sensation when first using Magnesium Chloride Oil. However, the tingling is temporary for most individuals and generally subsides after using the product several times. This description mentions only a few of the remarkable benefits of Magnesium Chloride Oil. We encourage you to research the numerous other applications for Magnesium Chloride Oil.

Magnesium Chloride Oil Properties:

- Exceptional Purity
- Independently Tested
- Approved for Transdermal Applications
- Magnesium Chloride Composition: 31% Min
- Clear
- Odorless
