

POPPY SEED OIL

Suitable for beauty and personal care applications.

INCI: Papaver Somniferum (Poppy) Seed Oil

Extraction Method: Expeller Pressed

Processing Method: Filtered

Shelf Life: 1 Year

Origin: Turkey

Background:

Praan Naturals Poppy Seed Oil is pressed from the tiny seeds of *Papaver somniferum*, an annual belonging to the Papaveraceae plant family. This species of Poppy is most commonly known as the Opium or Breadseed Poppy. Native to Turkey, it is adored for its beautiful flowers and for its nutritious and flavorful seeds that are used in a wide array of culinary and wellness applications. This intriguing species is also well known for the pods of some cultivars that contain significant quantities of opium latex, a white milky substance that seeps out of the exterior of the pods when scored or cut.

After production, Praan Naturals Poppy Seed Oil is carefully filtered, packaged and stored to maintain the purity, freshness and beneficial properties of this highly nutritive oil.

Ethical and Sustainable Sourcing:

Poppy Seed Oil is a conscientious alternative to vegetable oils derived from plant species that are threatened or endangered.

Poppy Seeds harvested from *Papaver somniferum* are classified as a stable species of least concern by *The IUCN Red List of Threatened Species (International Union for Conservation of Nature and Natural Resources)*.
