

TURKEY RED OIL, 70%

Also Known as Sulfated Castor Oil

Suitable for beauty and personal care applications.

INCI: Sulfated Ricinus Communis (Castor) Oil

Extraction: Sulfation of Castor Oil

Shelf Life: 2 Years

Origin: USA

Background:

Turkey Red Oil is also widely known as Sulfated Castor Oil. The oil is commonly referred to as Turkey Red Oil because the color of the oil resembles the color and textile dyeing process known as Turkey Red.

Using a process known as sulfation, Praan Naturals Turkey Red Oil is manufactured by exposing pure castor oil to sulfuric acid. This specialized process produces an oil that is miscible in water while also retaining the moisturization properties of Castor Oil. The oil is then packaged to maintain the purity, freshness and beneficial properties of this uniquely water soluble oil.

Uses:

Turkey Red Oil is easily dispersible in water. It is perfectly suited for use in making water dispersible bath oils and personal care products. Turkey Red Oil also helps to solubilize other lipids and essential oils.

Turkey Red Oil is Perfectly Suited for the Following Personal Care Applications:

- Skin Care
- Hair Care
- Nail Care
- Cosmetics
- Soap

Properties:

- Clear Amber Hue
- Medium-Thick Viscosity
- Characteristic Castor Aroma
- Moisturizing
- Strength: 70%
- Fully Dispersible in Water
- Emulsifier/Surfactant
- Humectant

Recommended Usage: 1-50%

Standard Packaging: Available in drums and pails.
