

Ethically Sourced Ingredients

SUGARS

Praan Naturals's luscious, natural sugars add a decadent touch to your formulations while offering more gentle exfoliation than salts.

Because our sugars retain their natural molasses content, they impart a slightly sweet, molasses aroma to your scrub formulations. When choosing essential oils to fragrance your formulations, select oils with aromas that complement the aroma of the sugar. Examples of essential oils that blend well aromatically with our sugars include sandalwood, patchouli, orange or vanilla.
