## Ethically Sourced Ingredients

### VEGETABLE BUTTERS

Vegetable Butter is obtained by blending the nutritive natural fatty fractions of a vegetable oil. Depending on the butter, the fractions come directly from either the oil, hydrogenated oil or the unsaponifiable fraction. Vegetable Butters are solid at room temperature. The percentage of the unsaponifiable fraction of a vegetable oil is usually very low. It requires a large quantity of processed oil to yield a significant quantity of butter.

Vegetable Butters are becoming more widely incorporated into cosmetics and skin care products as they are soothing, protective and rich in beneficial nutrients. Butters can contribute to the viscosity and stability of emulsions, and they give rigidity to stick products and balms.

### CONVENTIONAL

Aloe Vera  
Cocoa, Deodorized  
Cocoa, Pure Prime Pressed

Coffee Bean  
Cupuacu  
Mango

Mochacchino  
Murumuru  
Shea, Pressed & Refined

### CERTIFIED ORGANIC

Babassu Oil (Solid)  
Cocoa

Nilotica Shea  
Shea

Additional vegetable butters are often available upon request.
